Chairman and Chief Executive Message

Alhumdulillah (Praise be to Allah), HANDS has proudly completed 45 years of service. The journey began in 1979 with the Health and Nutrition Project of the Pediatrics Department at Civil Hospital Karachi, initiated by a dedicated group of volunteer doctors led by their professor.

In 1993, after a decade of impactful work, the project evolved into a formal organization, the Health and Nutrition Development Society (HANDS), operating from a single-room office. Following its registration, HANDS expanded geographically, initially within Sindh and later extending its reach to other provinces. Over time, the organization also diversified its focus, growing beyond health into other critical sectors such as education, livelihoods, water and sanitation, housing, and allied facilities.

HANDS boldly decided to engage in disaster management during the Super Flood of 2010, despite having limited experience and resources. The scale of services provided during this crisis revitalized the organization and marked a significant leap in its growth and capacity. Since then, HANDS has actively responded to over 35 small and large-scale disasters across the country, including earthquakes, flash floods, urban flooding, heatwaves, and droughts.

The year 2020 marked a historic milestone for our organization. We conducted a comprehensive review of our past achievements, redefined our vision and mission, and developed a forward-looking framework: Strategy 2030. Currently, we are actively implementing this strategy, which aims to enhance and sustain our contributions toward achieving the national targets of the Sustainable Development Goals (SDGs) in key areas such as Livelihood, Health, Water and Sanitation, Education, Infrastructure, and Disaster Management.

Our Strategic Focus is five critical themes of Sustainable Development Goals: People, Planet, Prosperity, Peace, and Partnerships. Our Key Approaches to development are Inclusive, Universal, Integrated, Climate-Friendly, Locally Focused, and Technology-Driven. We are striving to develop more than 30,000 model communities to achieve Sustainable Development Goals well before 2030.

A key milestone of Strategy 2030 is the establishment of the HANDS Institute of Development Studies (IDS), a degree-awarding institution chartered by the Sindh Assembly and accredited by the Higher Education Commission. This institute aims to develop youth leaders in Development Studies who can make significant contributions to the public, private, and nonprofit sectors.

We are also embracing technology by transforming HANDS into a paperless organization, driving development through innovation and efficiency. Upholding our values of dedication and transparency.

Our incremental growth and services are reached to another level in 2023 – 2024 clearly reflected here. The means of verification of cost efficiency and transparency are nearly 40 external audits conducted by top firms across various projects, including an organizational audit by BDO, the world's fifth-largest auditing firm. Furthermore, faith-based funding is audited by Sharia-compliant audit firms to ensure adherence to Islamic principles.

Our efforts are strengthened and validated by the extensive support we receive from national and international development partners, federal, provincial, and district governments, corporates and generous philanthropists.

While we have dedicated ourselves to sincere and wholehearted efforts, utilizing our maximum capacity, we recognize that our contributions are just a drop in the ocean. The journey to elevate Pakistan to the ranks of developed and prosperous nations is immense, and no single institution or even the public sector can achieve this alone.

We have developed evidence-based interventions with immense potential to create lasting change, but scaling them requires the collective support of all stakeholders. We earnestly pray to Almighty Allah to bless us with the courage, strength, and capacity to continue serving humanity—our ultimate purpose and mission.

Dr. Saeed Ismail
Chairman

Dr. Shaikh Tanveer Ahmed
Chief Executive

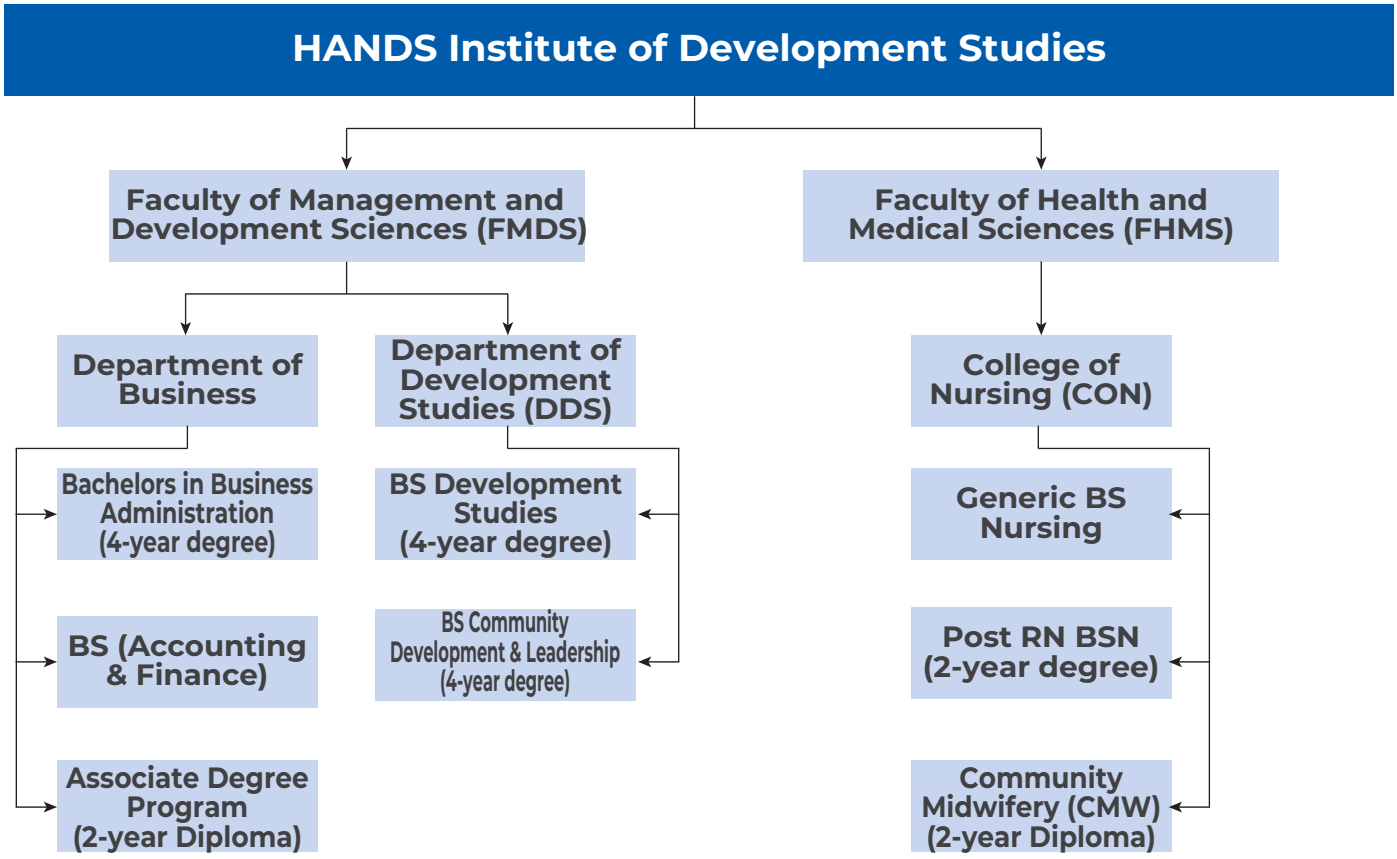
HANDS Institute of Development Studies

HANDS Institute of Development Studies (HANDS-IDS) is a degree awarding institute based in Karachi, sponsored by HANDS Pakistan. The HANDS Institute of Development Studies Bill 2023, passed by the Provincial Assembly of Sindh and assented to by the Governor of Sindh, marks a crucial step in the institute's formal recognition. It is published as Act no. XXXIX of 2023 and recognized by the Federal and Provincial Higher Education Commissions.

The Institute is located on a purpose-built campus spreading over 3.5 acres of land with a healthy environment and green scenic views. This is the main Campus, and in the future, under its expansion plan, the institute may have its constituent Units / Campuses all over Pakistan and abroad under the relevant laws.

The vision of HANDS IDS is a Sustainable Global Society. Its mission is to bring an innovative and in-depth approach to research and high-quality teaching on the subjects of societal concern that transforms peoples' lives to create development leaders.

HANDS – IDS currently has two Faculties of Management and Development Sciences (FMDS) and the faculty of Health and Medical Sciences (FMDS), its Faculty of Management and Development Sciences (FMDS), offers five degree programs under the Department of Business and Development Studies including a Bachelor in Business, a Bachelor of Science in Accounting and Finance, and a BS in Development Studies. The three programs are offered initially by the Faculty of Health and Medical Sciences (FHMS) and College of Nursing including Generic BS Nursing, Post RN Bachelor of Nursing (2 years) and Community Midwives (2 years) as mentioned in the following chart.



Model Villages

HANDS has vast experience planning, implementing/ developing, and sustaining integrated community development and model villages. HANDS with the funding of UNILEVER-Pakistan developed an integrated MISALI Model Village Essa Rajero Union Council Gahrho District Thatta. This village is 5km away from Gharo city but near the seaside.

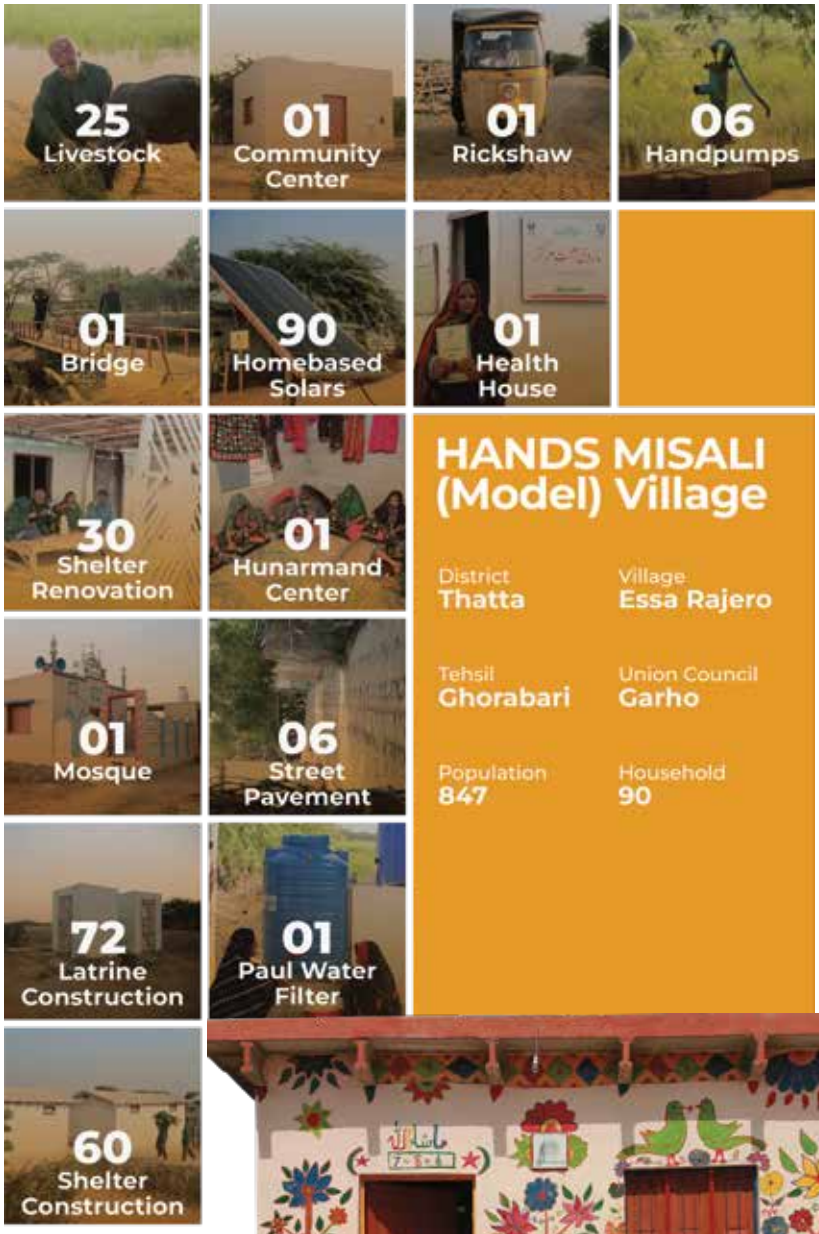
The Village Essa Khan Rajero is in Union Council Garho Taluka Ghora Bari District Thatta. It has 90 households and a 700-800 population. After the rain, almost 95% lost their agricultural lands due to rain and seawater entering their agricultural lands, and now more than 90% of households are surviving on fishing labor. Seven household women were working in embroidery and sewing clothes.

MISALI Model villages aim to relieve them from poverty, illiteracy and illnesses. This project aims to develop flood-affected communities to sustain within the resources and return to normal life.

HANDS is rehabilitating more than 6000 flood-affected villages into model villages in different parts of the country. The integrated project includes health, education, livelihood, community physical infrastructure, Water Sanitation & Hygiene (WASH), Social Mobilization and Gender Development.

The total cost of the rehabilitation of the model village was 35 million rupees as per beneficiary cost was 41,586 rupees and per household cost was nearly 400,000 rupees.

HANDS acknowledges the support of its partners including Sindh People Housing (SPHF), UNILEVER Pakistan, CHEVRON, Asia Petroleum, Pakistan State Oil (PSO), Dutch Bank, Rehnuma Trust, Soorty Textile and iCare Foundation are partner organizations to scale model villages on ground.



Health Services

HANDS has an integrated health service department offering community, individual, nutrition and telemedicine healthcare facilities. The main idea is to ensure that quality healthcare services are provided to the masses. HANDS is improving health indicators through intervening in health facilities and community health worker intervention (Marvi/Noor Workers).

In 2023-24, HANDS carried out 26 health-related projects in 34 districts and 13,517 villages and urban settlements with 3.53 million beneficiaries.

WASH Services

Water, Sanitation & Hygiene Services

HANDS provides safe water at a low cost to the underprivileged population of Pakistan through its WASH program. The service also focuses on sanitation and hygiene. Some of the projects undertaken include the provision of clean drinking water, improved sanitation schemes, open defecation-free villages and solid waste management.

In 2023-24, HANDS carried out 08 WASH projects in 22 districts and 2,171 villages and urban settlements with 2.08 million beneficiaries.

Infrastructure Services

Housing & Affiliated Facilities (HAF)

Housing & Affiliated Facilities (HAF) services are committed to strengthening the infrastructure of underserved regions. Many communities in Pakistan lack access to even the most basic utilities.

HANDS provides low-cost shelter projects, community physical infrastructure projects, communication schemes, and alternate energy schemes.

In 2023-24, HANDS carried out 09 projects in 19 districts and 12,781 villages and urban settlements with 0.57 million beneficiaries.

Inclusive Development

HANDS inclusive approach comprises of strengthening the Community Based Inclusive Development Network (CBIDN) and Provincial Chapters of Sindh, Punjab, Khyber Pakhtunkhwa, Balochistan, Gilgit Baltistan and HANDS.

The purpose is to ensure implementation of the United Nations Convention on the Rights of Persons with Disabilities (UNCRPD) and The Convention on the Rights of Persons with Disabilities (CRPD) is an international human rights convention that sets out the fundamental human rights of people with disability.

CBID Network comprises more than 70 Organizations working for Persons with Disabilities. The Network comprises an Islamabad secretariat and provincial chapters in Pakistan's provinces and administrative areas.

CBIDN did continuous consultations and advocacy with the parliamentarians and policymakers for legislation with remarkable landmarks achieved, including the “Persons with Disabilities Act from Balochistan, Sindh, Islamabad Capital Territory (ICT), Punjab, Gilgit Baltistan has been passed.HANDS established a model “Accessible Village for Persons with Disabilities at Jhandewali, South Punjab”.

HANDS is also providing financial and technical support to the "Pakistan Independent Living Network," which aids Independent Living Centers (ILCs) across the country. Currently, there are 10 ILCs, including two in Karachi and one each in Hyderabad and Sanghar (Sindh), Multan (Punjab), Islamabad, Skardu, Gilgit-Baltistan, Upper Dir (Khyber Pakhtunkhwa), and Quetta (Balochistan). These centers offer a range of services for persons with disabilities, including peer counseling, group counseling, career counseling, advocacy and awareness programs, provision of assistive devices, personal care attendants for individuals with severe disabilities, and referral and information services.

Faith-based Funding (Zakat) for Community Development

Zakat for Community Development

HANDS has been collecting and utilizing Zakat faith-based funding for many years but decided to ensure all Shari'ah compliance procedures and get it audited by a Shari'ah consulting firm only five years ago. Dr. Mufti Muhammad Wasie Fasih, well-known for his expertise, was hired through Alhamd Shari'ah Advisory Services Private Limited (ASAS), registered with the Security Exchange Commission of Pakistan (SECP).

The scope of work of the Shari'ah advisor was to ensure that HANDS has developed a Shari'ah compliance mechanism with Zakat collection, management, and disbursement policy and procedures. The advisor is also responsible for writing a manual of Standard Operating Procedures (SOPs) in the context of HANDS services.

HANDS Zakat's financial management system is managed through two separate accounts in shari'ah-compliant Bank/s to avoid Interest (Riba) and keep received funds separately in Zakat Account, Zakat (B) Wakala Account and Donation Account.

Quran and Sunnah are clear that the Zakat cannot be given to Non-Mulsim, Syed, or the owner of Nisab. “But that doesn't mean we cannot support needy Non-Muslim or Syed with other than Zakat funds, i.e., they can be supported by donations (Attiyat), Sadqat, or any other funds like Corporate Social Responsibility Fund (CSR).” Holy Quran and Sunah do not compel us to inform beneficiaries that they are receiving Zakat or any additional donation. This is the way we are practicing Zakat at HANDS.

HANDS developed a "Zakat / other Philanthropy Standard Operating Procedures (SOPs)", a project modus operandi for Shari'ah compliance mechanism of Zakat collection and disbursement. A comprehensive Zakat tool ("Assessment / Wakala / Authority Forms") is drafted to assess beneficiaries for Zakat eligibility and take ownership of the eligibility. Each Zakat assessment ("Assessment / Wakala / Authority") / Consent form mandates HANDS for collecting Zakat for any purpose under the Shari'ah guidelines.

ALHAMD SHARIAH ADVISORY SERVICES
(PVT) LIMITED

Certificate: 2022/10/003 January 01, 2024

نحمده و نصلی علیٰ رسولہ الکریم

Shariah Certificate (Fatwa) For Paying Zakat To HANDS -PAKISTAN

Introduction:
Health And Nutrition Development Society (HANDS), as informed, was founded by Prof. A. G. Billoo (Sitara-e-Imtiaz) in 1979. HANDS has evolved in 44 years as one of the largest Non-Profit Organizations of the country. HANDS is registered under the Societies Act, certified by Pakistan Center of Philanthropy (PCP) and Tax exempted by the Income Tax Department Government of Pakistan.

Method of utilization of Zakat:
The organization's financial needs are being covered by general donations (Sadqah, Khayrat) and Zakat that individuals and corporates from Pakistan and throughout the world contribute towards. Zakat received by HANDS is spent on the benefits of deserving persons. HANDS management checks out the financial condition of applicants in respect of Zakat eligibility and gets zakat agency from the eligible for the organization. This constructive tamleek (ownership) enables HANDS to collect Zakat on their behalf and right to utilize it as per eligible needs of beneficiaries.

Shariah Ruling:
To ensure the shariah compliance of whole zakat process in true spirit, the undersigned company has been appointed as an independent Zakat Consultant to review all Zakat-related documents and procedures. We have designed the complete Zakat SOP, policies, procedures and later monitored the implementation phase. After conducting the audit exercise, we hereby certify that HANDS collects and consumes Zakat funds as per Shariah rules and regulations. It is also confirmed that whosoever will give Zakat to this organization; his/her Zakat will be paid as per Shariah. May Allah Almighty forgive any mistake in this assignment and grant the management best reward for their services. Aameen

Subject to our engagement as zakat consultant, this certificate will remain valid for one year from the date of issue.

Date of Certificate Issuance: January 01, 2024
Date of Certificate Expiry: December 31, 2024

Dr. Mufti Muhammad Wasie (Director-ASAS)
For and on behalf of,
Alhamd Shariah Advisory Services Private Limited (ASAS)

Address: Flat 503, 8th Floor Ibrahim Residency, C.P & Berar Society, Karachi.
+92 322 2671867 | www.alhamdshariahadvisory.com | info@alhamdshariahadvisory.com

Once the project design and interventions are decided, the Monitoring Evaluation and Accountability (MEAL) Department conducts Zakat assessment surveys. The survey result identifies the number of persons living under the status of Nisab and persons under the Nisab but ineligible, etc. It must be understood that each adult member of the family is responsible for her / his part of Zakat; therefore, this tool is designed to assess individuals, not the family.

As per HANDS Zakat SOP, all Zakat money is utilized for meeting the direct expenditures incurred with respect to deserving beneficiaries from the Zakat collection. It is also ensured that all Zakat money received is to be utilized during the year except saved for a valid Shari'ah purpose.
